

**FreshLand**  
The Fresh Maker

FreshLand is a leading company working on exporting fresh fruits and vegetables from Egypt to all over the world.

Our whole chain management makes us not just an exporter. We choose our farms with the most fertile and fresh soil, located South of Alexandria. Therefore we guarantee the best quality of fruits, in addition to our Global G.A.P Certification.

Last but not least our Packing House is the best to find in Egypt. Resulting in a more safety and attractive end consumer product which is acknowledged by the high level of reputation on the national and international markets.

Our logistic team has more than 20 years of experience, in order to be more efficient and saving your time.

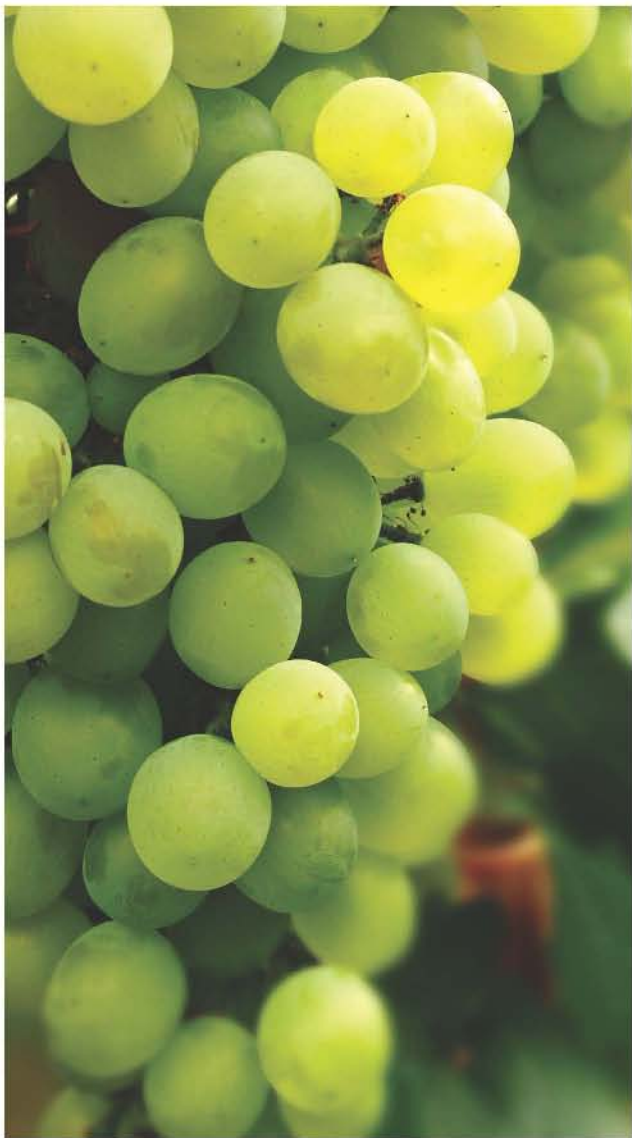

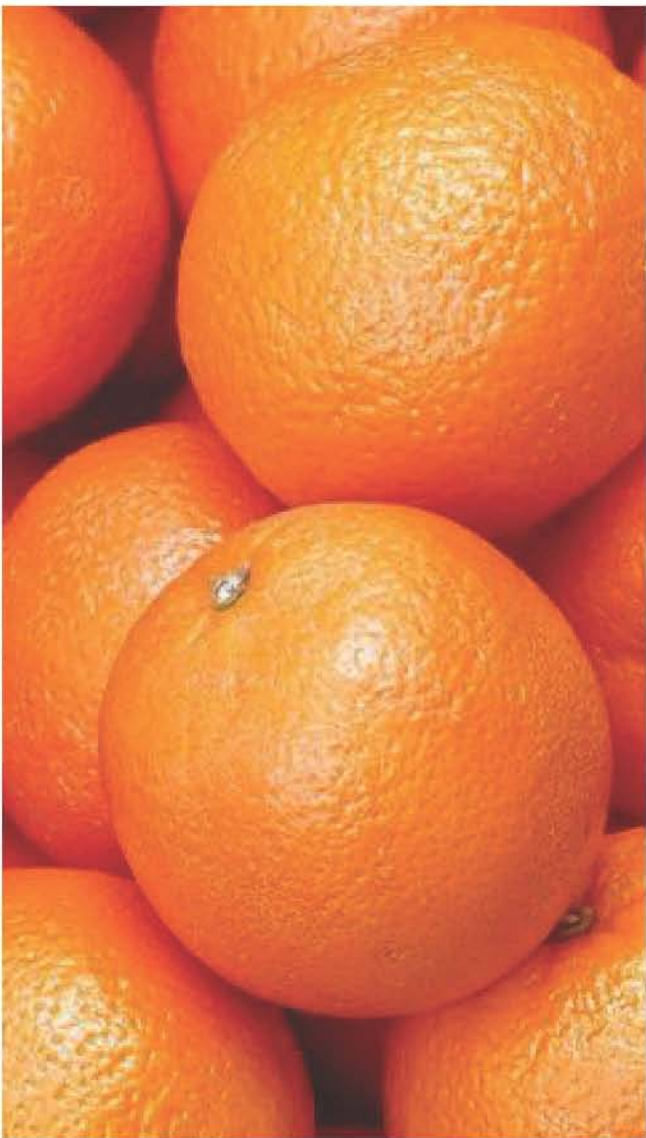

All of our employees working hard to serve you with the best products available on the market. Besides that, we are able to support our customer in Europe with our recently established branch in Germany.
